---

Dear Nyati Family,  
Greetings to all of you!

I hope that this newsletter finds you and your families in the best of health. The difficult year 2020 has passed and we look forward to safer and successful days.

Our company has made great advances in the year. I'm happy to share the same along with other achievements and visions for the future on this forum. I am pleased to announce that for the first-ever time, we have ventured into massive infrastructure projects and have bagged a 900 Cr. [approx] contract from the National Highways Authority of India under the National Highways Development Project. Under the same contract, we will be constructing parts of the Access Control 8-Lane Super Express Highway on the Baroda-Delhi Corridor. I personally thank the entire team for their efforts to seize this opportunity and look forward to the successful inception of this endeavour with the team.

Closer to home, we have concluded, handed over, and functionally started the Symbiosis Medical College Campus spanning over 2 million square feet at Lavale, Pune. The importance of this project initiative entrusted on us is to provide a platform where women can learn and develop their skills to contribute to the healthcare sector.

One of our major achievements in the last year has been a turnover of 900 Crores exclusively for the EPC vertical. In the similar manner, we look ahead to continue growing in leaps and bounds.

In addition to renewing our existing ISOs of 9001:2015 & 14001:2015, we have recently also been awarded as a firm compliant to the standard of ISO 45001:2018. This comes with the pride of being the first EPC firm pan-India to be compliant with this standard. This gives us the confidence and assurance that we are on the right track when it comes to quality monitoring, environmental impact assessment and correction, as well as ensuring occupational health and safety standards for our employees. Our prospects as a company are bright and we have every intention to set global benchmarks as we continue to be the premier choice for all our clients. In the future endeavours that we undertake, we are committed to delivering high standards of excellence to the infrastructure and national development of our great nation.

On behalf of the management team, I would like to thank all the Covid warriors for their relentless efforts and commitment to keeping us all safe. I also thank our engineering team and in-office labourers for their support and enthusiasm to deliver quality work standards.

To conclude, I take this opportunity to wish the entire Nyati family luck, good health, and safety.

and in-office labourers for their support and enthusiasm for delivering quality work standards.

## SHAPING LIFESTYLES WITH DESIGN AND INNOVATION

ONE OF THE RENOWNED NAMES IN THE PUNE REAL ESTATE, NYATI GROUP COMBINES INTEGRITY AND AESTHETICS IN BUILDING FUTURISTIC LANDMARKS. **PIYUSH NYATI, EXECUTIVE DIRECTOR, NYATI GROUP BRIEFS ON THE CURRENT REAL ESTATE MARKET SCENARIO AND THE COMPANY'S DISTINCT PROJECTS AND SALES STRATEGIES.**

### WILL THIS FESTIVE SEASON SEE AN UPTICK IN HOMEBUYER'S SENTIMENTS AND BOOST IN HOME SALES?

We have seen how unpredictable the pandemic has been, and we can still see its effects on every aspect of our lives. Amidst the financial turmoil and job insecurities, people have realised the importance of owning a home and the value of investing in real estate.

The response received by our projects has been overwhelming, and as we sit down as a team to introspect the situation, we are pleasantly reminded of why homebuyers have been actively looking to make their purchase at this stage. It's the sense of belonging, the importance of security in times like this that makes us content.

We believe the coming festive season comes with a promise of more. With easy payment schedules and rental rebate options, the overall home buying process has been made beneficial as well as easy for the homebuyers. Owning a home for a safe and happy future of the family has become a common desire. We can expect decisiveness from home seekers who have been looking to make this investment.

Of course, the boost in home sales has been supported by several government initiatives as well. With a reduction in Stamp Duty, the highly beneficial festive offers and the rising sentiment of homeownership in buyers, we can expect a notable increase in people deciding to buy their own home.

### APART FROM THE RECENT RELIEF MEASURES AND FINANCIAL INCENTIVES, WHAT MORE CAN THE GOVERNMENT DO TO MAKE HOUSING AFFORDABLE?

The Government of India and The Government of Maharashtra has taken several measures for the real sector that have played a pivotal role in making homeownership a reality for many home seekers at this time. However, several things can be bettered and uplifted further with the help of our government.

Even today, the process of land acquisition to project launch is a vast time-consuming tedious process with approvals required from various government bodies before starting work. Following up with these departments is still a manual process. A single-window clearance facility with all departments coming together to streamline the process and making it more transparent will undoubtedly bring down costs and expedite quality real estate opportunities

for society. I would like to cite the example of the passport office here, with online applications, regular updates via SMS and email, and a professional approach to ensuring that every applicant gets their results in time.

Another bone of contention is the need for public infrastructure to catch up to developers. There are still locations where communities have resided for over 5 years and still lack motor able roads, potable water and proper sewage treatment. Bringing in these facilities would also be a major contributor to reducing costs at a developmental stage and eventually providing exponential value benefits to the end user.

### WHAT HAVE BEEN THE COMPANY'S SALES STRATEGIES IN THE CURRENT SCENARIO?

We have witnessed exceptional success, especially with our Ready-possession homes. A significant contributor to this was our digital campaign - 'Sabse Pehele Apna Ghar'. During the entire span of this pandemic, our foremost concern was the safety of our employees and customers. So, the best course of action through the epidemic has been our strong online presence.

With digital campaigns, online payment options, virtual assistance, we have ensured that we offer an unparalleled experience as well as a safe service to our

clients. We now look forward to another big campaign - 'Khushiyan ka Ghar'. It focuses on the perks of owning a home that promises a lifetime of happiness, peace & well-being and brings all the generations of the family together.

With reopening of our offices and project sites, we now aim to provide a seamless and safe in-person experience to our buyers, while our virtual tours and online services will remain available. The cornerstone of our services, we believe, is timeliness and the satisfying assistance the customers receive from our team.

### WHAT ARE SOME OF THE COMPANY'S DISTINCT PROJECTS?

This year, Nyati Group celebrated its 23rd anniversary. Looking ahead from here, we see only growth and many more achievements. Currently, we present four of our spectacular residential projects - Nyati Evolve Phase I & II, Magarpatta; Nyati Elan West III, Wagholi; Nyati Esteban Phase I, Undri; and Nyati Elysia Phases II & IV, Kharadi. In addition, our two of the finest commercial landmarks - Nyati Empress, Viman Nagar, & Nyati Enthral, Kharadi, are designed to redefine the future of business.

In the coming year, we plan to foray in several new prime locales of Pune. With luxury homes in New Kalyani Nagar and premium residential opportunities in Dhayari, Bavdhan, Dhanori and Undri, we are all set to change the neighbourhoods across Pune. Another new milestone in this quarter came in the form of Nyati Group's collaboration with the Columbia Pacific Communities, India's largest senior living community operator, for the senior living community. Our first project together will be launched in Undri, Pune. We are open to more such strategic partnerships, bringing unique value propositions to society and uplifting the lifestyle of residents at large.

## THE BREAKTHROUGH – FT. MR. NITIN NYATI

Some people bungee jump for the sake of adventure. Some go searching for the Northern Lights, others go trekking upon the Mount Everest.

..  
And Nitin? He does all of these but does something even more adventurous. He lives. Yes, Nitin's life itself has been nothing short of an adventure.

.  
Someone who grew up in a tiny chawl in Pune - is today one of the most renowned builders of the city. Nitin Nyati, Chairman and Managing Director, Nyati Group, is an inspiration to many. His journey has the power to change life.

.  
Do you wish to attract abundance in your life? Understand how people like Nitin did it? Read 'The Breakthrough' by Megha Bajaj, published by Rupa Publications. The book features path breaking stories of people who've not just made it big but also given the confidence for others to do it.

**DEC  
2020****CORINTHIANS - THE FIRST BREWHOUSE  
INTRODUCING - WOODEN FIRE PIZZA**

Many pizza enthusiasts believe a wood-fired oven is the absolute best way to create the most authentic pizza. You do not cook your pizza from the heat of the fire. Instead, you heat up the bricks and walls of the oven, which allows the oven to reach very high temperatures. Pizza ovens are made with layers of insulation and materials that trap the heat inside. In a wood-fired oven, the pizza takes only minutes to cook and the heat is even because it radiates from the dome, walls, and tiles of the oven. The dough is cooked to the perfect texture — crunchy on the outside, soft on the inside.

THE CORINTHIANS CLUB AND RESORT**

The ceremony also marks the arrival of the harvest season. During this time, lots of fruits and nuts were harvested and used in the making of the traditional plum cake. The stirring ceremony is part of an age-old Christmas tradition of cake mixing and making wishes for the New Year. The ingredients of the festive fruit cake are mixed with wine and liquor in advance so that the ingredients can develop aroma and taste. Originally a family affair, it is for many years celebrated within organizations to spread camaraderie and goodwill.
