## FROM THE CHAIRMAN'S DESK

**Mr. Piyush Nyati**  
**Director**  
**Nyati Group**

Dear Nyati Family,

Greetings to all of you!

I hope this newsletter finds you and your family in good health. The year 2020 has been a roller-coaster ride for the entire world and we eagerly look forward to better and safer days. The pandemic has not just affected our day-to-day life, but also the economy at large. As we are all adjusting to a new normal, I hope you are taking all the necessary measures to ensure the safety of yourself and those around you.

It gives me immense pleasure to present to you the 6th edition of our quarterly newsletter and I am grateful to all of you who have sincerely worked to make this quarter a success, despite the challenges. I believe that it is in the face of crisis that we truly shine. And the Nyati Family has not just rowed through this crisis, but come out wiser, better and triumphant. A heartfelt thank you to each and every member of this beautiful family for standing strong and standing together!

The quarter brought in many new milestones. The first and foremost is the honour endowed on my father, Mr. Nitin Nyati, of being part of a great book, 'The Breakthrough'. It was a historic moment in his life to be esteemed as one of the few inspirations in the book, along with a chosen few national entrepreneurs, who were passionate & dedicated enough to climb to the summit in their own fields. We are all proud and privileged to have him as a guiding light.

In the real estate sector, we witnessed exceptional success, especially with ready-possession homes in our premium residential projects. In this pandemic, homebuyers have been proactively searching for and investing in the most important asset they can own - a home. Our digital campaign 'Sabse Pehle Apna Ghar' has been a major contributor to this success. But our real strength has been you, the team, who have stood undeterred through everything and driven us forward.

Another big milestone for Nyati Group came as a collaboration with the Columbia Pacific Communities for the first of many senior-living communities. Our first senior-living project will be launched in Nyati County, Undri, and this is just the beginning!

It has been a good quarter for our contracting division and we owe this to our customers, stakeholders and of course, the amazing team. Although the hospitality segment has seen several challenges this year, our determined family at The Corinthians Resort and Club has used this time to realign and enhance internal processes. It gives me extreme happiness to say that they have redirected their resources and energy to serve the society. As part of our CSR initiative, we have delivered over countless meals to the hospital staff, police personnel, community warriors & the underprivileged.

NL Healthcare has also been instrumental in providing masks, oxygen, oximeters and other essential equipment to healthcare institutions. I am proud to say that we have made a difference, however little, and we will always use every opportunity to give back to society.

Lastly, I am grateful to our clients across all the sectors - Real Estate, EPC, Hospitality and Healthcare, for their unwavering trust in Nyati Group. Our real success is defined by the faith you put in us and it inspires us to serve you with new vigour, everyday. The time ahead brings with it the promise of recovery and new opportunities. We look forward to the success of

Phase III trials of the COVID-19 vaccine and hope we will be out of the woods soon. I, once again, take this opportunity to thank the entire Nyati Family and wish you all good health & safety!

# In bid to boost realty, state cuts stamp duty for 7 mths

## Also Approves ₹700Cr Road Tax Waiver For CVs

Nisha Nambiar &  
Nauzer Bharucha | TNN

Pune/Mumbai: The state cabinet on Wednesday announced a reduction in stamp duty by 3% till December and by 2% till March 2021 to boost property transactions.

State revenue minister Balasaheb Thorat on Wednesday told TOI that his proposal to reduce stamp duty will be implemented from September 1. "This will improve property transactions in the state and boost the realty sector till the end of this financial year," he said.

Early this month, Thorat had told TOI about the government's plan to reduce the duty.

## MILK SOPS, ₹65CR AID FOR FISHERFOLK

> Stamp duty on property transactions in urban areas will be lowered from existing 5% to 2% from September 1 till December 31; it will be 3% from January 1 till March 31, 2021

> In rural areas, it will be cut from 4% to 1% till December 31, and 2% from January till March 31, 2021

> State cabinet also extended till October 31 the surplus milk procurement scheme under which the state buys surplus milk from dairy farmers to minimise their losses due to a fall in demand

> It also cleared a proposal to provide special assistance of ₹65 crore to compensate fisherfolk for losses suffered due to the cyclones Kyarr and Maha in the Arabian sea between October and November last year

The state cabinet on Wednesday also approved a Rs 700 crore road tax waiver plan for commercial vehicles to compensate for losses the transport industry has suffered in the lockdown. TOI had on Tuesday reported that this decision was all set to be taken.

The reduction in stamp du-

ty, though temporary, could be substantial for a prospective home buyer. A flat costing Rs 1 crore attracts a duty of Rs 5 lakh. It will now be Rs 2 lakh from September to December end, and Rs 3 lakh from January 1 to March 31, 2021.

**US firm, Pune company join forces to build housing communities for senior citizens**

Pune: US-based Columbia Pacific Communities has tied up with Pune's Nyati Group for senior citizens' housing.

The two companies will invest Rs150 crore in the joint venture — Nyati will build the homes, while Columbia Pacific will manage the community. "The community will be fully serviced for food, round-the-clock medical support and physical activities. The project will have approximately 200 units in 1 and 2 BHK formats, with unit sizes ranging from 736-1331 sqft, and priced between Rs60 lakh and 80 lakh," the two companies said in a joint statement.

Nyati Group's director Pranav Nyati said senior citizens housing will be a different vertical in the group.

Mohit Nirula, CEO of Columbia Pacific Communities, said they would initially only offer for sales. "However, people tend to buy in early before they age, so we see a mixed model of outright sale and lease evolving over the next 2-3 years," he added.

The joint venture's first senior living project in India will be launched at Nyati County. "It is spread across 200 acres comprising several gated communities. The senior living initiative will be launched at the heart of Nyati County, with over 3.64 lakh sqft dedicated exclusively to this enterprise. The launch is expected to be at the start of the next fiscal," Nyati said.

## Realty: Pandemic renews unexpected interest for senior living segment

GEETA NAIR  
Pune, August 20

THE COVID-19 PANDEMIC and subsequent lockdown has provided an unexpected boost for realty companies in the senior living segment. This has emerged a growth segment in an otherwise depressed residential segment. India will be home to 17.3 crore senior citizens by 2026 and realty developers are looking at senior living with renewed interest.

Shashank Paranjape, MD, Paranjape Schemes, the oldest player in this segment with 2,000 homes in nine completed projects across Pune, Vadodra and Bangalore under the Maha-

ken brand, said they have seen a 50% rise in demand and enquiries have increased. As of now senior citizens are still under lockdown and advised to stay at home but he expects a spike in bookings from September 2020 onwards. Even those who had booked and cancelled are re-booking and those who were indecisive are now sure about making this move, said Paranjape.

There has been a fourfold increase in lead generation and three times jump in enquiries in

99 ongoing or completed projects across the country.

Amal Patel, chairman, Anusark Property, said due to the rise of nuclear families, increased life expectancy and people living across geographies, 'independent senior' is becoming a new demographic. 'Such seniors do not settle for traditional old-age homes as they prefer and can afford autonomy and the company of age peers in well-equipped retirement communities. A recurring theme of this

pandemic has been seniors living alone, struggling for basics, managing without house help and anxious about existing and potential medical issues. The need for homes in a setting where these factors are taken care of is now undeniable," said Patel. Covid-19 may reshape the future of the senior living segment in India, with demand for such homes set to boom amid the present uncertainty, added Patel.

the last four to five months, said Mohit Nirula, CEO, Columbia Pacific Communities, which has nine projects in India with 1,600 residential units. Every month since June, July and August we have done double of the pre-Covid level business, said Nirula. They were seeing faster conversion than before and sales has doubled, added Nirula.

According to Anusark Property Consultants, the top 12 senior living players have just

NYATI-KARGIL-STORY

### KARGIL WAR

(MAY 3, 1999 - JULY 26, 1999)

#### AN INDO-PAK WAR.

Victory came to India with recapturing of a majority of positions on the Indian side of the LOC infiltrated by Pakistani troops & militants in the Kargil district & elsewhere.

### MAY 3, 1999

Pakistani troops invaded Kargil as Kashmiri Militants.

The aim was to capture several Indian positions in Kargil district in order to cut off the highway connecting Srinagar to Leh.

### MID-MAY

After more infiltration in the areas of Dras, Kaksar, and Mushkoh sectors, India initiated Operation Vijay.

Several Indian troops were sent to reacquire the lost positions and IAF launched an airstrike on the 26th of May.

### JUNE 9

After launching a major offensive in Kargil, Indian Army recaptured two key positions in the Batalik sector.

We then secured Toling in Dras by June 13.

### JULY 2

Indian Army launched a three-pronged attack in Kargil. Indian Army then recaptured Tiger Hill after a 11 hour battle on July 4.

The next day, Indian Army took control of Dras and Pakistan announced withdrawal from their other positions.

### JULY 26

The Kargil War officially came to an end with India emerging victorious, but at the cost of 527 brave lives. Operation Vijay was hence successful.

It is on this day that we salute the bravery and sacrifice of our brave soldiers in the Kargil war and celebrate the Kargil Victory Day!
